

Picturing Your Community Food System

A. What does your community food system look like now?

1. What are the parts of the food system? (perhaps sketch farmers, stores, etc.)
2. How does it work? (you could add arrows to show how food moves around)
3. What are the issues and concerns about your food system? (add notes on the diagram)

B. How do you want your community food system to look like in 5 years? — on a separate sheet

C. In 100 years? — on a separate sheet

Optional: Your name(s): _____
